Diplomas of Merit and Medals were given to the winners of the Forum Contest for the best technical solution in shipbuilding and civil marine engineering. Contest Committee has chosen 17 companies in 6 categories. Diplomas and Medals were released by L. Strugov, Head of the Department of Shipbuilding Industry and Marine Engineering of the Russian Ministry of Industry and Trade.

At the end of the Forum there was drafted a participant Resolution «On measures for further development of shipbuilding industry, port modernization and navigation improvement» addressed to the Prime Minister of RF.

Feedback from Participants

- «The Forum is part of our job. Here we meet our colleagues, prospective partners and customers and establish contacts. Meetings allow us to better see our week points and real achievements»

S. Forafonov,
Vice-President of OAO United Shipbuilding Corporation

- «Let me express my congratulations on the success of the first International Forum «Marine Industry of Russia». I hope that this event will continue to be the major annual event of the industry and traditionally become a professional review of achievements of the Russian shipbuilding and machine building industries, the place where most acute issues are discussed and key professional decisions are taken»

P. Plavnik,
Director General of OAO Zvezda

- «The representative office of Zeppelin Power Systems GmbH and Co KG views the past Forum as a very effective event. Presence of numerous CIOs of Russian shipbuilding companies and organizations has made meetings and negotiations more fruitful. We enjoyed a diversified business programme. A wonderful interior of Gostiny Dvor also added to our positive impression. Zeppelin Power Systems GmbH and Co KG is going to further participate in such an event»

Oleg Prazdnikov,
Moscow Representative Office
of Zeppelin Power Systems GmbH and Co KG

- «We would like to thank MIR Forum organizers for excellent preparation and management of the event and friendly attitude towards all members of Nikolaev Delegation»

Executive Committee of the Nikolaev City Council

ZAO Nikolaev Machine Building Plant

National University of Shipbuilding
named after Admiral Makarov

Black Sea Shipbuilding Plant State Holding Company

Zorya–Mashproject Gas Turbine Research
and Production Complex

Nikolaev Commercial Sea Port

- «We had a great opportunity to be in the centre of activities related to the development of Russian shipbuilding, and to meet many partner companies, competitors and prospective customers. I sincerely hope that our co-operation will continue»

Igor Dubovsky,
President of Alliance-Marine Group of Companies
